

South Dakota FAASTeam presents:

# **FAASTeam Safety Seminar**

Just what is the FAA Compliance Philosophy?

This safety seminar will review the current non-enforcement methods for correcting unintentional deviations or non-compliance that could result from various actions. Some of the factors such as procedures, simple mistakes, lack of understanding, or even diminished skills can contribute to possible violation of the regulations. The General Aviation Joint Steering Committee (GAJSC) reviews information relating to aviation accidents. This information is then used as a "Topic of the Month" for presentations each month by the FAA Safety Team (FAASTeam).

Remedial training is a method to identify and correct the underlying causes that led to a non-compliance issue. Our complex system can also contribute to a pilot's misunderstanding with instructions. Even the unintentional error can have a serious adverse impact on safety, therefore we must ensure that underlying safety concern or factor is addressed. These two presentations during this safety seminar will help give a better understanding of the rights you have.

## Event Details

**Thu, Oct 27, 2016 - 19:00 CDT**

**Sioux Falls Regional Airport**

**Terminal Conference Room**

2801 North Jaycee Lane

Sioux Falls, SD 57104

**Contact: Steven R. Hoogerhyde**
